PHA Plans (including any plans incorporated therein) Strategies and actions must affirmatively further fair housing" Use the chart provided to specify each fair housing goal from the PHA's AFH for which the PHA is the responsible program participant – whether the AFH was prepared solely by the PHA, jointly with one or more other PHAs, or in collaboration with a state or local jurisdiction – and specify the fair housing strategies and actions to be implemented by the PHA during the period covered by this PHA Plan. If there are more than three fair housing goals, add answer blocks as necessary.

Deconcentration and Other Policies that Govern Eligibility, Selection, and Admissions

Deconcentration Policy:

If, at annual review, there are found to be development(s) with average income above or below the Established Income Range (EIR), and where the income profile for a general occupancy development above or below the EIR is not explained or justified in FH Plan, the FH shall adhere to the following policy for deconcentration of poverty and income mixing in applicable developments.

Skipping a family on the interest list to reach another family in an effort to further the goals of FH's deconcentration policy:

If a unit becomes available at a development below the EIR, the first eligible family on the interest list with income above the EIR will be offered the unit. If that family refuses the unit, the next eligible family on the waiting list with income above the EIR will be offered the unit. The process will continue in this order. For the available unit at the development below the EIR, if there is no family on the waiting list with income above the EIR, or no family with income above the EIR accepts the offer, then the unit will be offered to the next family regardless of income.

If a unit becomes available at a development above the EIR, the first eligible family on the interest list with income below the EIR will be offered the unit. If that family refuses the unit, the next eligible family on the waiting list with income below the EIR will be offered the unit. The process will continue in this order. For the available unit at the development above the EIR, if there is no family on the waiting list with income below the EIR, or no family with income below the EIR accepts the offer, then the unit will be offered to the next family regardless of income.

Skipping of families for deconcentration purposes will be applied uniformly to all families.

A family has the sole discretion whether to accept an offer of a unit made under the FH's deconcentration policy. FH shall not take any adverse action toward any eligible family for choosing not to accept an offer of a unit under this deconcentration policy. However, FH shall uniformly limit the number of offers received by applicants, described in this Chapter.

If the average incomes of all general occupancy developments are within the Established Income Range, FH will be considered to be in compliance with the deconcentration agreement.

Nothing in the deconcentration policy relieves FH of the obligation to meet the income targeting requirements.

Ownership Interest means that the FH or its officers, employees, or agents are in an entity that holds any such direct or indirect interest in the building(s) and/or real property, including, but not limited to an interest as: titleholder; lessee; a stockholder; a member, or general or limited partner; or a member of a limited liability corporation or limited partnership. Projects selected with this exemption method will typically include planning rehabilitation or construction on the project with a minimum of \$40,000 per unit in hard costs. However, this minimum per unit cost would not be applicable in a situation where the FH is replacing a public housing property(ies) or site(s) with existing housing owned or controlled by the FH.

Statement of how project basing would be consistent with our PHA Plan:

As the Agency strives to provide housing opportunities for individuals and families in need throughout the City of Fresno, especially those who are most vulnerable, project-based vouchers (PBV's) are an essential resource. To date, two projects are under consideration targeting persons with very-low incomes, generally below 30-40% of the area median income. Projects were selected in accordance with HUD Title 24 Part 983.51 and HACCFs Administrative Plan. Selected projects have demonstrated a need for rent subsidy in order to help offset basic operating costs and allow for the projects' financial feasibility.

Attachment 3 – Mission & Goals

To move our vision forward over the past five years, Fresno Housing has focused on four broad strategic areas, which support the organization’s mission: to create vibrant communities throughout Fresno County through quality housing (place), engaged residents (people), broad support (public), and effective collaboration (partnership). To accomplish our mission, the Fresno Housing Authority will focus on four primary strategies:

- Develop and maintain quality affordable housing for low-income residents throughout Fresno,
- Design, implement, and sustain exceptional programs that invest in residents and program participants to become self-sufficient through an array of educational, economic and health-related platforms,
- Lead, encourage, and build partnerships with local, regional and national organizations to promote policies that build community; that increase and enhance affordable housing option; and that provide programs that reflect and support the needs of housing participants,
- Generate public will to address the housing needs of low-income households in Fresno by contributing to effective national and statewide advocacy efforts and by leading local and regional programs that educate and encourage residents to have a voice in housing and civic issues.

Below is a summary of progress and accomplishments that Fresno Housing has made over the past year in relation to these goals.

PLACE

Develop and expand the availability of quality affordable housing options throughout the city and county of Fresno by growing and preserving appropriate residential assets and increasing housing opportunities for low-income residents.

2023 Progress Update:

1. Created a robust, balanced pipeline for development activities that appropriately responds to the needs of the low-income residents of Fresno County. When evaluating development opportunities, factor the following Board priorities:
 - a. Mixed income and mixed use housing that promotes economically diverse neighborhoods and accommodates projected growth
 - b. A balance of new construction and renovation
 - c. Create community infrastructure, including community buildings, resource centers, and EnVision Centers if viable
 - d. Invest in existing and new neighborhoods
 - e. Rural communities, with limited economic catalysts

- f. Prudent, financial transactions that promote long-term financial stability for the Agency; including, but not limited to utilizing innovative tools that could include tax credits, opportunity zones, and new avenues for state funding
 - g. Collaboration with CDC's, non-profits, faith-based and other neighborhood groups
 - h. Require thoughtful design that encourages healthy living for families
 - i. Promote the reduction of water and energy consumption at properties
2. Support efforts to reduce homelessness across the community. The Agency has utilized various resources, including local, state, and federal funding to provide both interim and permanent housing for persons experiencing homelessness.

2023 Progress Update:

Utilizing state Homekey funding, the Agency has provided over 400 beds of emergency shelter and transitional housing for both individuals and families with children; utilizing federal resources.

3. Consider how to best partner with the Southwest Fresno community regarding neighborhood development and investment.

2023 Progress Update:

The Agency has been recognized by the U.S. Department of Housing and Urban Development (HUD) with the Choice Neighborhoods Planning Grant (CAN) for the Southwest Fresno area. The grant is being utilized to transform Southwest Fresno into mixed-income communities, featuring high-quality affordable housing, safe streets, and quality educational opportunities. In 2022 and 2023, the Agency concentrated on community activities related to the CAN. In 2024, a formal partnership was established with the City of Fresno. This partnership resulted in the creation of a collaborative CAN committee, where high-level city officials and the CEO of Fresno Housing, Tyrone Roderick Williams, work together to achieve the goals of the grant.

4. Collaborate with property owners, neighborhood groups, Community Development Corporations (CDCs), and other partners to enhance the quality of rental stock across the county and provide a greater range of options for residents with vouchers. Programs should focus on property owner outreach, support and education, in addition to targeting housing options in areas of opportunity.

2023 Progress Update:

- Throughout the year, the Housing Choice Department of the Agency has organized numerous meets and greet sessions with landlords who are not yet part of our program. The aim of these sessions is to provide them with information on setting initial rents, selecting tenants, becoming a participating landlord, and addressing any concerns they may have about the voucher program. A significant part of these discussions also revolves around payment standards and determining reasonable rents.

—

In addition to these sessions, we continue to engage with landlords on a one-on-one basis, investing in relationship building and leveraging partnerships to increase their involvement. We believe in designing for success and empowering landlords to become part of our community. We are on our way to sparking a change and igniting a new way of thinking about landlord participation.

5. Support efforts outlined in the DRIVE initiative. Specifically, the Permanent Affordable Housing mission, which includes the goal to overcome barriers to equitable, affordable housing by creating, renovating, and ensuring sustainable access to high-quality, affordable housing units and vouchers through a combination of innovative financing tools and supports.

2023 Progress Update:

Fresno Housing collaborated with our D.R.I.V.E partners for a large-scale 2023, event called, Just Action. Fresno Housing, Leadership Counsel for Justice and Accountability, Southwest Fresno Development Corporation, & Fresno DRIVE will be hosting JUST ACTION: A community convening highlighting how local community groups can begin to redress the wrongs of segregation. Just Action is a follow-up and outlines strategies for how to redress the segregationist practices outlined in The Color of Law. The event took place on May 30th, 2023 with hundreds of stakeholders involved who participated either in person or virtually.

6. Work towards incorporating diversity, equity and inclusion in the workforce, workplace, and marketplace. The Agency hopes to bring engagement from people of all diverse perspectives, identities, and life experiences. One of the Agency's goals is to engage and encounter people in a welcoming environment where belonging, inclusivity, and equity are part of the broader scope of diversity that elevates the Fresno Community. The mission of the Fresno Housing Authority is to promote equity excellence through:
 - a. Increasing the power and influence of diversity through an increase in representation of multiple dimensions of diversity across the agency's **workforce**.
 - b. Elevate the importance of Fresno Housing's **workplace** culture of inclusion and belonging through intentional metrics of accountability.
 - c. Use diversity, equity, and equity progress and outcomes to impact and support vibrant communities throughout Fresno County's **marketplace**.

2023 Progress Update:

In 2023, the Chief Diversity Officer collaborated with the newly appointed Chief Housing Choice Voucher Program Officer to increase outreach opportunities for potential interest lists and participants. This was in relation to the opening of the "wait/interest list" for the Housing Choice Voucher program. Through a collaborative effort with the HCV leadership team, we developed a

communication plan and conducted outreach, volunteer training, and engagement with both large and small CBOs and community partners. Our goal was to enhance the knowledge base surrounding the Voucher program.

PEOPLE

Respect community needs and knowledge – by listening, learning, and researching – and respond to issues compassionately, intelligently, and intentionally – by developing exceptional programs based on shared experiences.

1. Create and promote resident experiences that influence key outcomes around health, wage progression, and education. Share outcomes with the Boards and others on a quarterly basis to increase awareness of the positive impacts of quality housing.
2. Create opportunities to promote upward economic mobility and wage progression using data, policy updates and refined systems of support for residents. Develop a specific pilot program encompassing some of the following areas: resident mobility, wage progression/section 3, and home ownership.
3. Consider expanding engagement with residents by utilizing neighborhood conversation pilots to promote involvement and opportunities for resident leadership.
4. Establish policies and practices that reduce the likelihood of crime and promote resident safety.

2023 Progress Update (Summary 'People' 1-4 above):

- In 2023, our Resident Empowerment Staff and Property Management leadership team shared monthly and quarterly updates with the community and board members around impacts programmatic efforts and improvements around programming engagement. Fresno Housing (FH) is committed to empowering residents to lead healthy, happy lives and thrive through educational and economic opportunities. Our work focuses on transforming communities by developing high-quality, affordable housing with enhanced services. We have broadened our impact in the housing development industry by preparing low-to-moderate income (LMI) individuals and families, including BIPOC, veterans, people with physical, mental or neurological disabilities, LGBTQ, and others, for homeownership.
- Historically, Fresno's low-income families have faced financial and systemic barriers to homeownership. These include limited access to financial resources such as down-payment assistance, escrow fees, and mortgage pre-approval, a lack of quality, affordable housing in redlined communities, and a lack of other supports. Our Pathways program aims to overcome these barriers by preparing a pipeline of LMI families, currently receiving housing assistance on HUD housing programs, to be mortgage-ready. The Pathways framework is designed to provide

a basic homeownership education and counseling curriculum, along with additional navigation and non-technical support services for LMI families.

- These services, aimed at increasing family success, include credit counseling, credit repair workshops, financial education, down payment assistance workshops and referrals, and the "Close the Gap" program. This program, in partnership with several banks, provides financial assistance for escrow and down payment costs. A housing navigator is also available to provide non-technical support, coaching, and relevant referrals up to post-home purchase. The success of the Pathways program is defined as an income-qualifying family (50%-80% AMI) becoming mortgage-ready. Pathways serves families in cohorts of no more than 30 individuals or families, providing customized case management services and referrals to track and ensure success.

Furthermore, Pathways to Homeownership serves as the pre-homeownership program for LMI families seeking to purchase one of the 33 single-family homes being developed in Southwest Fresno – Heritage Estates. Developed by Fresno Housing, Heritage Estates requires all families to receive HUD-approved homeownership education, with access to additional services as needed. To evaluate and measure the impact of this program, Fresno Housing, in collaboration with our partners, ensures that our assessments and evaluations are ongoing, thorough, and equitable. We use a variety of tools to measure, manage, and analyze baseline data collected from the "Interest List" phase. This data includes demographic information such as race, ethnicity, annual gross income, household size, age, primary language, accessibility needs, current housing type and status, and other critical information. Pilot programs are essential for the Fresno Housing leadership concerning our residents. One of the many pilots that we created in 2023, was a Resident Programming Board, specifically and smaller and engaged sites. Our goal and objective within these pilots were to increase resident participation and empower residents to steward their community events and help residents engage with other residents on a variety of topics related to health and wellness, education, workforce development, and community engagement. Fresno Housing continues to engage on regular safety updates, not only related to our Partnership with the Fresno Police Department, but also focusing on structural safety elements such as increased cameras, lighting, and regularly engaging in feedback with residents regarding safety initiatives.

PUBLIC

Build support for housing as a key component of vibrant, sustainable communities through public information, engagement, and advocacy that promotes affordable housing and supports the advancement of Fresno's low-income residents.

Build support for housing as a key component of vibrant, sustainable communities through public information, engagement, and advocacy that promotes high quality affordable housing and supports the advancement of Fresno's low-income residents.

1. Create ongoing conversations with city officials to seek opportunities to support economic development and facilitate a better understanding of Housing Authority benefits, priorities and opportunities

2023 Progress Update:

Fresno Housing and the City of Fresno has entered into a grant agreement where the City of Fresno allocated 1 million in ARPA funding towards a Voucher Incentive Program (VIP). The program is aimed to assist voucher holder families to successfully lease up by encouraging landlords to participate in the HCV program AND provide funding resources for the voucher holder families in rental fee assistance.

- New landlords
- Returning Landlords
- New units in high opportunity areas
- Lease in place incentives
- Vacancy loss payments
- Deposit assistance
- Rent fee assistance

As of December of 2023, two-hundred and six (206) households have been successfully leased up utilizing VIP funds, ninety-nine (99) new units comprised of single-family and multi-family units have been added and thirteen (41) new landlords are now participating in the Housing Choice Voucher program.

Fresno Housing has embarked on a significant project called West Fresno CAN. The West Fresno CAN planning effort, reflects the vision, lived-experience, and dedication of hundreds of voices, centered around three overarching goals:

- A connected, vibrant, safe neighborhood for all
- Residents are healthy, happy and thriving
- Community partnerships, assets and momentum are leveraged.

Fresno Housing seeks to continue its efforts to collaborate with community stakeholders and residents to realize a transformed southwest Fresno community for all.

2. Enhance general understanding of the breadth and scope of the work of the Fresno Housing Authority through additional involvement and presence at community events
Conduct an annual community survey to evaluate trends and identify strategic opportunities. The first-year survey would establish a baseline and trends would be established over time.

2022 Progress Update

- The strategic planning process was a joint endeavor involving several organizations, including the FH, Faith in the Valley, Radical Possibilities CoLab, the Central Valley Housing Data Repository at Fresno State, and UC Merced's HOPE Lab. This was not a superficial collaboration, but a profound

one that began with the creation of an ad hoc team and extended to partnerships with both institutional and grassroots community-based organizations.

- Our approach was comprehensive and robust, involving a series of highly interactive participatory workshops, or gallery walks, held during evenings and weekends. This was done to ensure maximum participation from Fresno Housing stakeholders and to guarantee that a diverse range of voices were heard and considered. We organized 12 gallery walks across five cities in Fresno County, engaging 1500 stakeholders and receiving nearly 2000 individual comments and pieces of feedback.
- These gallery walks were conducted in both English and Spanish to ensure inclusivity across ethnicity, gender, age, ability, and family status. In addition to these walks, FH utilized Thought Exchange to gather thousands of inputs. Our guiding question throughout this process was: How can we engage with Fresno Housing stakeholders in an equitable, fun, meaningful, and impactful way?
- Our guiding principles served as our North Star, directing how we interacted with each other and with stakeholders during the data collection, analysis, and action planning phases. Each gallery walk was a two-hour event held in the evening or on the weekend. Posters were available in digital format in both English and Spanish to accommodate monolingual English or Spanish speakers, and bilingual facilitators were present at all gallery walks.

Our primary research question was: What do Fresno Housing stakeholders, including existing and prospective residents/participants, staff, board members, and community partners, want to see the Fresno Housing Agency prioritize over the next 5+ years? We conducted a three-day participatory data analysis process, which provided a significant opportunity for inclusive and transparent data interpretation. This process helped us identify relevant and contextually informed themes that we could transform into strategic priorities, objectives, and action steps.

3. Expand the current communication plan to highlight stories centered on residents' services and economic success for neighborhoods and families

2023 Progress Update:

The Office of Communication, developed our 2nd annual Community Report (Annual Plan) distributed community wide ranging from external partners, community members and residents. Additionally, we expanded our newsletter reach to impact thousands of readers and grow our subscription. The Office of Communications has developed a robust outreach and marketing

framework to better reach our community partners, families, residents, and additional stakeholders.

4. Utilize public platforms such as an updated website and social media to engage all stakeholders as well as inform and celebrate accomplishments through stories, events, and photos.

2023 Progress Update:

In 2023, Fresno Housing welcomed a new Communications Manager and inaugurated a revamped Communications office. One of their first major projects was a comprehensive overhaul of our website, one of our most influential communication tools. They focused on enhancing both the large-scale design and the messaging delivery system. The improvements were based on a communication framework that prioritized accessibility and engagement with specific information.

PARTNERSHIP

Collaborate to strengthen the Housing Authority's ability to address the challenges facing Fresno communities.

1. Monitor and track community events to expand engagement opportunities for the Housing Authority through various avenues, including participation with event booths if appropriate.

2023 Progress Update:

- Through our innovative software, Apricot, and specialized data dashboards, we are now able to gather detailed statistics regarding participation in large programs and events. We also monitor the frequency of lobby visits to gain a deeper understanding of the needs of the community, families, and participants utilizing our services.

Furthermore, we have initiated the tracking of our involvement and engagement in external community events. This allows us to better comprehend our impact and to measure where our time and resources are being allocated.

2. Where possible, ensure any Memorandum of Understanding language with partners incorporates expectations about collecting and reporting outcomes for residents.

2023 Progress Update:

- Fresno Housing is actively pursuing a revitalized collaboration with the Fresno Unified School District partners. Our primary focus is to gain a deeper understanding of how to cater to the needs of Fresno Housing residents and FUSD students who are part of our family units and household heads. We are currently examining a comprehensive and recently established data sharing agreement, with the aspiration to have this agreement operational within the next year.

We are hopeful that this partnership will ignite a spark within our community, designing a path for success for our residents. We believe it's time to take off the table any barriers that may hinder progress and set our residents on their way to reach their aspirational goals. Our focus is on empowering families, providing them with a sense of home and hope.

3. Engage the community and other key agencies in discussions to facilitate quality planning for the Southwest Fresno community.

2023 Progress Update:

- Fresno Housing has embarked on a significant project known as West Fresno CAN. This project is a testament to the vision, lived-experience, and dedication of hundreds of voices, all centered around three overarching goals: creating a connected, vibrant, safe neighborhood for all; ensuring residents are healthy, happy, and thriving; and leveraging community partnerships, assets, and momentum.
- The next steps for this project are multifaceted and require a collaborative effort. The first step is to adopt the West Fresno CAN Plan, followed by providing a letter of support for the section 18 disposition of public housing sites such as Sierra Plaza, Sierra Terrace, Desoto Gardens I & II, and Fairview Heights.
- Fresno Housing also seeks to be a co-applicant for the Choice Neighborhood (CN) Implementation Grant and pledges CDBG funding in support of the application, a mandatory requirement of the grant. The organization is committed to funding administrative support for the assessment, remediation, and cleanup of Hyde Park, and targeting CDGB funding to homeowners and business owners for façade improvements within the CAN boundary.
- Investing in targeted Homeownership Counseling Programs is also a priority, to ensure interested neighborhood and public housing residents are prioritized for new units in the pipeline. The implementation of the housing component of the plan is estimated to cost well over \$230M, and Fresno Housing is seeking commitment from The City of Fresno for this funding, which will be needed over a span of 6+ years.
- Other steps include identifying funding for associated infrastructure costs, estimated at \$3M, committing funding and resources to the Transit Hub at Triangle, and completing improvements on California Avenue. Fresno Housing also plans to enforce antidumping and community cleanup measures, confirm the approval of the Airport land use master plan by the FAA, and commit to the Choice Neighborhood Application.
- The organization also seeks support for zoning changes, approval of the Airport Overlay Master Plan, and funding for Hyde Park Cleanup, existing homeowners, and infrastructure, residential construction, and neighborhood improvements. Identifying key leads at the City and the Mayor's

office and planning a visit to Sacramento to see the impact of Choice Neighborhood investments are also part of the next steps.

4. Fresno Housing believes that housing is more than just a structure, it's more than just building bricks & mortar. It's about designing for success, sparking hope, and igniting a better way for families. It's about opening doors to opportunity, empowering residents, and helping them thrive. It's about creating a future where everyone can dream again and move forward with hope. Revisit relationship and collaboration opportunities with Fresno Housing affiliate Fresno Housing Education Corps (Ed Corps) to expand and promote positive educational outcomes for resident youth.

2023 Progress Update:

- In 2022, the executives at Fresno Housing identified a need for additional financial resources to support resident programs. They embarked on a strategic planning process, guided by principles of diversity, equity, and inclusion, with the aim of enhancing resident economic mobility. In April 2023, Fresno Housing collaborated with a consulting team led by Walker Community Ventures, LLC, which included The Rios Company, Joint Opportunities, and YTR Consulting, to execute the strategic planning process.
- Fresno Housing demonstrated an unprecedented level of commitment to reimagining, rebranding, and relaunching the Foundation to better serve its residents. Over a period of 10 months, the staff and consulting team met weekly to undertake the challenging tasks of reorganization, planning, research, needs analysis, data collection, and the development of new strategic goals. This was all accomplished while maintaining their regular job responsibilities. This process led to a deeper understanding of the tasks that need to be accomplished in the coming years to sustain the momentum.
- Stakeholders involved in this process included the Board of Directors for Beyond Housing Foundation, the Fresno Housing Board of Commissioners, executive and senior leadership, staff from various divisions, residents, community education and workforce-related organization partners, and funders. The consistent and inspiring support for this initiative has fostered a sense of hope and expectation among all stakeholder groups, who are eager to collaborate and shape a better future.
- The planning team reviewed documents, drafted policies and procedures, interviewed board members and staff, researched best practices, conducted a community needs assessment, and held focus groups with unemployed residents or those seeking new jobs. They also interviewed funders to assess awareness and eligibility.

The team scrutinized the operations and functions of the Resident Empowerment Department, which currently coordinates services but does not provide direct services to residents. Furthermore, the planning team explored the concept, definition, and history of the Agency's family self-sufficiency program. They compared it to other FSS programs, considered national models, evaluated challenges with the current program, and proposed strategies for revitalizing the program and supporting its goals to reduce dependence on welfare assistance and rental subsidies.

Additional outcomes have been hiring an Executive Director for the Foundation, rebranding the former, EdCorp name which is now the "Beyond Housing Foundation", and recruiting new and diverse foundation board members.

5. Articulate intentional Partnership engagement opportunities.

2023 Progress Update:

- In Autumn 2023, Fresno Housing made a historic stride by initiating and hosting its inaugural Partnership Convening conference. This event brought together a diverse array of external agency partners, including the Fresno Unified School District, the City Mayor of Sanger, Every Neighborhood Partnership, The Children's Movement Advocacy Group, and over 50 other organizations, community-based groups, and non-profits.
- The conference was a testament to the relentless efforts of the Fresno Housing staff and leadership in making a significant difference in the realm of affordable housing. Our mission is not only to expand housing options but also to create opportunities for residents and enhance their quality of life.
- As we continue to evolve and adapt to the changing landscape of affordable housing in Fresno, we are committed to improving the lives of our families and communities. This conference was an invitation to our trusted partners to engage with our leadership team and help us identify key priorities for our collaborative work.
- The objectives of the meeting were to strengthen partnerships, share best practices, address housing availability, and develop a shared vision. We aimed to gain a clear understanding of each other's goals, objectives, and priorities, and to devise actionable strategies for building relationships to further community impact. We also sought a commitment to ongoing collaboration and communication to better serve our community.

- The conference was a spark that ignited a new era of collaboration and partnership. It was an intervention that opened up another way to address the challenges faced by our rural residents, who often feel isolated from urban resources. We discussed potential initiatives and areas of opportunities to collaborate.

The Partnership Convening was a pivotal moment in Fresno Housing's history, marking the beginning of a journey towards a better future. It was a testament to our commitment to opening up new opportunities, igniting hope, and helping our communities thrive. We look forward to continuing this journey with our partners, as we work together to build a brighter future for Fresno.

6. Work to develop additional partnerships that prioritize positive health outcomes for residents.

2023 Progress Update

- In 2023, Fresno Housing hired a VISTA intern for our American Heart Association program to help educate and engage with residents of all ages concerning heart and health related measures.

7. Work with Fresno's Anti-displacement Task Force to reduce or prevent displacement in the community.

2023 Progress Update:

Our CEO and Executive Team serves in variety of roles related to anti-displacement for the community. In 2023, our Property Management leadership worked to analysis date around displacements and continues to remain a high priority for the agency.

8. Collaborate with the City of Fresno in utilizing Project Homekey Funds. Acquired and converted four motels in the City of Fresno for shelter and affordable housing.

2023 Progress Update:

Our Homelessness initiatives Department are still key leaders and partners in the community on addressing these issues.
